## PY25 Wagner-Peyser & Trade Data Element Validation (DEV) Training

This annual training session was recorded on September 11, 2025, and fulfills the annual training requirement of Data Element Validation (DEV) for the Wagner-Peyser and Trade Programs. The training outlines what data validation is, leadership, staff, and monitoring unit responsibilities around data validation, data validation vs DEV, the DEV monitoring and correction process, and the PY24 DEV results for both programs. Facilitated by Jamie Murphy, Workforce Monitor. Training Time: 13:32
