regional director

Good morning WSD Team,

Welcome to PSRW 2025! As leaders, we are here to celebrate your hard work and remind you of how valuable you are to every customer and every colleague you connect with. For many —whether they are a job seeker or an employer — you are the first point of **ACCESS** to our services. We are all here to provide service and support, and you are the smiling face and listening ear that helps them take their next step.

**ACCESS** is so many things. For our customers, it's about breaking down barriers whether they're financial, educational, or social, to create an equitable playing field where everyone has a chance to succeed. At work, it is about your access to information, opportunities and options. It's about empowerment, enabling people to control their destinies and shape their futures. In our work, it's important that every voice is not only heard, but valued. Let us remind you of your value!

### Joe and Nino on Celebrating Access!

ACCESS	LOVE	BELONGING	EQUITY	STEWARDSHIP
<p><i>"True public service is about breaking down barriers and ensuring that everyone, regardless of their abilities or circumstances, has equal access to opportunities and support."</i></p> <p>- Joe</p>		<p><i>"Access is the foundation of trust. When we remove barriers for our customers and teammates, we create space for equity, innovation and lasting impact. "</i></p> <p>- Nino</p>		

Please take time today to talk about **ACCESS** and what it means to you and how we can improve and remove barriers for customers. If you have ideas or solutions, we would love to hear them! Just drop them in the [WSD Virtual Suggestion Box](#).

WSD is celebrating **ACCESS**! Access for our workforce. Access for our customers. Access for our communities.

**Access is worth celebrating!**
