

## PSRW 2025! LOVE is one BIG celebration!

Sandy Crews  
WSD Program  
Operations manager

John Dickson  
Eastern regional director

Good morning WSD Team,

Today is all about celebrating you and the **LOVE** you bring to your work every day. In public service, many of us connect our passion for giving back to filling someone else's need. With our **ESD Core Value of Love**, we are given permission to be ourselves as we provide the empathy and compassion our customers need and deserve. Our customers know the difference — they can feel the love and know when it's authentic.

Our teammates are no different — a bond based on warmth, acceptance, affection and connection nurtures a culture of deep appreciation and leads to a happier, more productive workplace. We've captured some thoughts on love as one of our core values. Click the links below and listen in.

**It's noble work.**

**You lift others up.**

| ACCESS   | LOVE | BELONGING   | EQUITY | STEWARDSHIP |
|--|------|---|--------|-------------|
| <p><i>"The loving personality seeks not to control, but to nurture, not to dominate, but to empower." — Gary Zukav</i></p> <p>- John</p> |      | <p><i>"Love and compassion are necessities, not luxuries. Without them, humanity cannot survive." — Dalai Lama</i></p> <p>- Sandy</p> |        |             |

If you want to share how you show **LOVE** in the workplace and ideas for how we can incorporate a not-so-typical value into our daily workstyles, we want to hear how we can show the value of LOVE to our teammates and customers. Just drop them in the [WSD Virtual Suggestion Box](#).

WSD is celebrating **LOVE**! Love for our workforce. Love for our customers. Love for our communities.

**We love celebrating you!**
