Subject: WPC DOL Reports' Webpage Announcement – Enhanced PIRL Participants by Category (aka the PIRL “Slicer & Dicer”) Dashboard (New Data File/Export)

Hello all, below is some information, regarding the new enhancement.

A. New Enhancement

The [PIRL Participants by Category \(aka the PIRL “Slicer & Dicer”\)](#) dashboard [Export List of All Total Participation Episodes Report](#) has new data columns, and is now available, and since it is Tuesday, the data will also be updated/refreshed, since we update/refresh this export, every Tuesday, by COB.

- Please see the list of data fields/columns, below, of which are now included in this export.
 - Note:** We have removed the [Exit Date \(if applicable\)](#) and replaced it with the [PIRL Participation Episode End Date \(if applicable\)](#) (column D), of which both pull the same date.
- Please also see the information below, on when and how this export is updated/refreshed weekly.

Please see the below screenshot, on where to “physically” find the [Export List of All Total Participation Episodes Report](#).

Please also see the [ETA-9172 Demographics, Characteristics, and Barriers Data Definitions](#), for more information, regarding the data definitions, and where to find the data fields, within ETO.

Total Participation Episodes – All Active Participation Episodes that had an open Participation Episode with no exit date, and all Exited Participation Episodes that had an exit date, which includes 10 quarters of exited Participation Episodes. A job seeker may have more than one Participation Episode on the PIRL.

This data set is a record level report of all Participation Episodes, on the most recent certified PIRL, and then identifies those who **HAVE** or **HAVE NOT** received either an Individualized Career or Training service.

For this data set, we take the list of all PIRL Participants, on the most recent certified PIRL, and then we access the ETO database, in order to pull the “last service” information of the job seeker, out of the ETO database.

Below is the process for the update/refresh cycle, and it also identifies what is, and what is not, updated/refreshed, for the [Export List of All Total Participation Episodes Report](#) (record level data - Case Management report):

(Updated weekly, by COB, on Tuesdays)

- Once a quarter, this export retrieves all Participation Episodes, **on the most recent certified PIRL**,

AND THEN

On a weekly basis, this export accesses the ETO database, in order to pull the “last” ETO service and the PIRL triggering “first” participation service information of the job seeker, per each Participation Episode, out of the ETO database.

This data set allows for data cleanup of services, in ETO, which may need to be closed, by investigating the job seekers on the list, of whom have a really old Last ETO Service Date. As long as a job seeker has any open durational services (No End Date), within their service delivery period, the job seeker will remain on the PIRL, **forever**, until all durational services, for all programs, are closed. This means, the entire service delivery period needs to be investigated. This data cleanup will help data migration of the data, into WaWorks.

Important Note: When we pull a weekly update/refresh, we are not updating PIRL data.

New Participation Episodes, and “how” **all** PIRL Participation Episodes are being counted, on the most recent certified PIRL, are not being added/updated/refreshed. We currently do not have the ability to support that. It will be different with WAWorks!

- **PIRL Business Process:** Once a quarter, the vendor pulls data for the PIRL and sends that PIRL data to us (the DI team). The DI team then works with the ITSD BI team and adds complex code and other data sources, and then the DI team submits and certifies the most recent PIRL. The DI team then connects our WPC dashboards to that most recent certified PIRL.
 - Because of how this PIRL business process works, **new** Participation Episodes, and “how” **all** PIRL Participation Episodes are currently being counted, on the most recent certified PIRL, are only being added/updated/refreshed, once a quarter.
 - The new data set, for the new quarter (PY24Q3), will come out no later than May 15. I will send out a general announcement, when the new data set is available.

Note: The PIRL Participation Episode End Date (if applicable) (column D) is also pulled out of ETO, so you will also see that column be updated/refreshed, weekly. Column D also affects column E, Length of PIRL Participation Episode (column D – column C), (In days), (if applicable), meaning that column will also be updated/refreshed weekly.

Below is the list of the columns that will now be included in this export going forward, starting with this update/refresh, 4/1/2025.

ETO Case Number,

- Unique identifier, of which is identified in ETO.

PIRL Participant ID,

- Unique identifier, of which is identified, on the PIRL.
- When there is a singular/unique/distinct ETO Case Number, with more than one differing PIRL Participant IDs attached to it, it can be deciphered that a job seeker had more than one Participation Episode.

PIRL Participation Episode Start Date,

PIRL Participation Episode End Date (if applicable),

- This date is the same as the “PIRL Exit Date”.

Length of PIRL Participation Episode (column D – column C), (In days), (if applicable)

- If this column displays/reads “Same Day”, it means that column D (*PIRL Participation Episode End Date (if applicable)*) equals column C (*PIRL Participation Episode Start Date*).

B. Appendix: WPC DOL Reports Acronyms

- **DI team** - Data Integrity team supports the PIRL and all of our WPC [Department of Labor \(DOL\) reports](#) dashboards, of which live on the WPC website.
- **DOL** - Department of Labor
 - Please see the official [ETA / U.S. Department of Labor](#) webpage, for more information.
- **ESD** - Employment Security Department
- **ETO** - Efforts to Outcomes (ETO) is the WorkSource System's Management Information System Information (WS MIS) data entry application.
- **LWDB** - Local Workforce Development Boards are the regions/localities in which DOL **Quarterly Performance Reports** (QPRs) are aggregated (12 LWDBs = 12 Workforce Development Areas (WDAs)).
- **MSFWs** - Migrant Seasonal Farmworkers
- **PIRL** - Participant Individual Record Layout (PIRL) is designed, defined, and maintained by DOL, within DOL's PIRL Specifications ([ETA- 9172 - OMB control number 1205-0521, expiration date: 03-31-2027](#)).
 - The PIRL report captures activities and performance within the Workforce (WorkSource) system. It is the tool, of which states use to communicate such activities and outcomes to the Department of Labor (DOL) Employment and Training Administration (DOLETA or ETA for short).
 - The PIRL supports all of the DOL PMs and QRAs, and their accountability, for the entire WorkSource System.
 - And therefore, the PIRL supports the funding, for the entire WorkSource System.
- **PMs** - Performance Measures (PMs)
 - The Department of Labor (DOL) describes why it is so important to report performance:
 - *"The public workforce development system provides resources, services, and tools to support individuals and businesses in developing and maintaining a workforce to support a thriving economy throughout the nation. Given the critical importance of this system, its performance at the local, state, and federal levels is vitally important. Consistent, accurate performance reporting allows the workforce system to assess its effectiveness, make data-informed improvements, be accountable to taxpayers, and, ultimately, support vibrant communities, businesses, and families throughout the nation."*
 - Please see the WPC [DOL PIRL PM dashboards](#) webpage, and the WPC [DOL PIRL PM supporting documentation](#) webpage, for more information.

- **PY24Q2** - Program Year (PY) **2024** (July 2024 – June 2025), for Quarter 2 (Q2) (October 1, 2024 – December 31, 2024).
- **QPRs** - Quarterly Performance Reports (QPRs) are designed, defined, and maintained by DOL, within DOL's QPR Specifications ([QPRs \(ETA- 9173\) OMB Control Number 1205-0521 \(Expiration Date: 03-31-2027\)](#)).
- **QRA** - Quarterly Reporting Analysis (QRAs) (aka, by DOL, as the PIRL Data Integrity (DI) Reports)
 - The DOL QRAs are not currently outlined in DOL official guidance (TEGLs, TENS), and are currently only in a “pilot” stage, by DOL, for some of the states. WA state is not in a “pilot” state, and we are only currently being monitored, by DOL, for the QRAs. But the DI team has been verbally told by DOL, in an official DOL national ZOOM call, that DOL is on the horizon for laying out all of the DOL QRAs, in official DOL guidance (TEGLs, TENS).
 - The DI team is not clear on whether the QRAs will only be held accountable, by DOL, at the statewide level, once DOL official guidance (TEGLs, TENS) is published.
 - Please see the WPC [DOL QRA dashboards](#) webpage, and the WPC [DOL QRA supporting documentation](#), for more information.
- **TAADI** - Trade Adjustment Assistance Data Integrity (TAADI) reports
 - The DOL ETA's TAA data integrity check tool, the TAA Data Integrity (TAADI) is produced quarterly, providing consistent aggregate views of the state's data, and identifying areas where the state's data does not conform to ETA's TAA expectations.
 - To get more information on the TAADI process, go to [TAA Participant Reporting Page](#).
 - Please see the WPC [DOL TAADI dashboard](#) webpage, and the WPC [DOL TAADI supporting documentation](#), for more information.
- **WA** - Washington state
- **WDA** - Workforce Development Areas are the regions/localities in which DOL **Quarterly Performance Reports** (QPRs) are aggregated (12 WDAs = 12 Local Workforce Development Boards (LWDBs)).
- **WPC** - ESD Workforce Professionals Center webpage. See [WPC Department of Labor \(DOL\) reports](#), for the list of the DI team's DOL dashboards.
