Subject: WPC DOL Reports' Webpage Announcement – Implementation of 2 New WPC DOL Youth QRA dashboards

Hello all,

Below is some information regarding the new redesign of the DOL Quarterly Reporting Analysis (QRAs) (aka, by DOL, as the PIRL Data Integrity (DI) reports), for the WPC [DOL QRA dashboards](#) webpage, and the 14 current and upcoming (Coming soon) QRA dashboards are listed.

- The following information and functionality have been incorporated into the WPC [DOL QRA dashboards](#) webpage, so that we can provide the QRA data and its definitions to you, in a dashboard friendly format, for all of the 14 current and upcoming (Coming soon) DOL Quarterly Reporting Analysis (QRAs).
 - 1) DOL Statutory citations, regarding WIOA sections, CFR subsections, TEGLs, and OMB control numbers, are identified, per each of the 14 current and upcoming (Coming soon) DOL QRA dashboards.
 - 2) What and how the data is pulled is also defined, per each of the 14 current and upcoming (Coming soon) DOL QRA dashboards.
 - 3) The dashboard standardization format (dashboard user friendly front-end experience), and the ability to pull the data sets, by LWDB(s)/Office(s), and/or program(s)/Federal grant(s), and/or Designated cohort(s) (Veterans, MSFWs), for 10 quarters of historical data, of which is applied to all of our WPC [Department of Labor \(DOL\) reports](#) dashboards, is also incorporated into each of the 14 current and upcoming (Coming soon) DOL QRA dashboards.
- Please see [DOL QRA supporting documentation](#), for more information.

Important Note: The DI Team does NOT define nor create any of the definitions/calculations for the new DOL QRAs (QRA Calculations), or any of the DOL Performance Measures (QPR Calculations), on the PIRL, or any other Federal report or performance measure calculations (Like the UNTEER employment rate) you may have access to. DOL deciphers, defines, and maintains the “what” the “why” and the “how” for those definitions/calculations, at the Federal level, within their DOL official guidance/laws, for all of the 50 states and the territories. DOL provides the 50 states and the territories with pseudo code, in order to replicate the definitions, numbers, and percentages. The DI Team only provides visuals, for you. As to why those numbers and percentages sometimes seem to be in conflict with each other (They all use the same data set, the PIRL), will also be defined, within DOL’s official guidance/laws, of which the DI Team always provides, with our dashboards.

- The DI team will implement the QRA dashboards in stages, and we will send out a WPC DOL Reports' Webpage Announcement, as we implement them, in order to keep you in the loop.
 - 1st stage of implementation

Please see below, for an implemented list of the 2 New QRA dashboards, now found on the WPC [DOL QRA dashboards](#) webpage, for this 1st stage of implementation:

 - The PIRL report captures activities and performance within the Workforce (WorkSource) system. It is the tool, of which states use to communicate such activities and outcomes to the Department of Labor (DOL) Employment and Training Administration (DOLETA or ETA for short).
 - The PIRL supports all of the DOL PMs and QRAs, and their accountability, for the entire WorkSource System.
 - And therefore, the PIRL supports the funding, for the entire WorkSource System.
- **PMs** - Performance Measures (PMs)
 - The Department of Labor (DOL) describes why it is so important to report performance:
 - *"The public workforce development system provides resources, services, and tools to support individuals and businesses in developing and maintaining a workforce to support a thriving economy throughout the nation. Given the critical importance of this system, its performance at the local, state, and federal levels is vitally important. WA state is not in a “pilot” state, and we are only currently being monitored, by DOL, for the QRAs. But the DI team has been verbally told by DOL, in an official DOL national ZOOM call, that DOL is on the horizon for laying out all of the DOL QRAs, in official DOL guidance (TEGLs, TENS).
 - The DI team is not clear on whether the QRAs will only be held accountable, by DOL, at the statewide level, once DOL official guidance (TEGLs, TENS) is published.
 - Please see the WPC [DOL QRA dashboards](#) webpage, and the WPC [DOL QRA supporting documentation](#), for more information.
- **TAADI** - Trade Adjustment Assistance Data Integrity (TAADI) reports
 - The DOL ETA's TAA data integrity check tool, the TAA Data Integrity (TAADI) is produced quarterly, providing consistent aggregate views of the state's data, and identifying areas where the state's data does not conform to ETA's TAA expectations.
 - To get more information on the TAADI process, go to [TAA Participant Reporting Page](#).
 - Please see the WPC [DOL TAADI dashboard](#) webpage, and the WPC [DOL TAADI supporting documentation](#), for more information.
