A. PIRL Announcement - 60-Day Alert - ETO Data Entry - For Inclusion in the Upcoming PY24Q4 PIRL Quarterly Report

1. For the submission/certification of the upcoming **PY24Q4 PIRL Quarterly Report**, you still have an opportunity to update current participants and their data, and/or add new participants, in ETO.

- a) Those corrections/additions, need to be completed, in ETO, by no later than **COB on Friday, July 25th**.

FYI - The DI team pulls the data, for the **PY24Q4 PIRL Quarterly Report**, on Monday, July 28th, so we need the data entered into ETO, by no later than COB on Friday, July 25th, in order to be included in the **PY24Q4 PIRL Quarterly Report**.

- b) The DI team will then submit and certify the **PY24Q4 PIRL Quarterly Report**, by no later than Friday, August 15, 2025.
 - c) The DI team will then follow through and point all of our WPC [Department of Labor \(DOL\) reports](#) dashboards to the new **PY24Q4 Quarterly Report**.

A general announcement will go out, when that occurs.

Thank you for all of your time and efforts! The DI team knows you all work very hard, in serving the best service delivery you can to our job seekers! We are here to help!
