Subject: WPC DOL Reports' Webpage Announcement – Implementation of New WPC DOL QRA dashboards

Hello all,

Below is some information regarding the new DOL Quarterly Reporting Analysis (QRAs) (aka, by DOL, as the PIRL Data Integrity (DI) reports) dashboards now located on the WPC [DOL QRA dashboards](#) webpage.

- The new WPC [DOL QRA dashboards](#) have incorporated the following:
 - 1) DOL Statutory citations, regarding WIOA sections, CFR subsections, TEGs, and OMB control numbers, are identified, per each of the new DOL QRA dashboards.
 - 2) What and how the data is pulled is also defined, per each of the new DOL QRA dashboards.
 - 3) The dashboard standardization format (dashboard user friendly front-end experience), and the ability to pull the data sets, by LWDB(s)/Office(s), and/or program(s)/Federal grant(s), and/or Designated cohort(s) (Veterans, MSFWs), for 10 quarters of historical data, of which is applied to all of our WPC [Department of Labor \(DOL\) reports](#) dashboards, is also incorporated into each of the new DOL QRA dashboards.
- Please see [DOL QRA supporting documentation](#), for more information.

Important Note: The DI Team does NOT define nor create any of the definitions/calculations for the new DOL QRAs (QRA Calculations), or any of the DOL Performance Measures (QPR Calculations), on the PIRL, or any other Federal report or performance measure calculations (Like the UNTEER employment rate) you may have access to. DOL deciphers, defines, and maintains the “what” the “why” and the “how” for those definitions/calculations, at the Federal level, within their DOL official guidance/laws, for all of the 50 states and the territories. DOL provides the 50 states and the territories with pseudo code, in order to replicate the definitions, numbers, and percentages. The DI Team only provides visuals, for you. As to why those numbers and percentages sometimes seem to be in conflict with each other (They all use the same data set, the PIRL), will also be defined, within DOL’s official guidance/laws, of which the DI Team always provides, with our dashboards.

- The following QRAs have been implemented:

Required by Title III (Wagner-Peyser (WP)), Title Ib Adult (A), Title Ib Youth (Y), and Title Ib Dislocated Worker (DW)

9. [Program Entry Alignment QRA](#)

Participants who have a Date of Program Entry equal to one of the following, DIVIDED BY all participants:

Date of First Basic Career Service

Date of First Individualized Career Service

Date of First WIOA Youth Service

Date Entered Training #1

Date of First TAA Benefit

Ensures a program participation service date is tied to Date of Program Entry. Underreporting of program services are indicated where there is no program service date aligned with program participation.

A job seeker will ONLY be counted once, within this data set.

Citation for Participant: CFR subsection. 677.150 (a)

10. [Program Exit Alignment QRA](#)

Program exiters with Date of Program Exit that match EITHER Date Completed Training OR Date Received Most Recent Basic Career Service OR Date Received Most Recent Individualized Career Service, DIVIDED BY all program exiters.
